Dear Mr Graham,

School Environmental Areas

On behalf of the children and teaching staff, can I thank you for the work you and your volunteers put in on Sunday 19th February to clear our wildlife ponds.

We are grateful for the time and effort you put in to enable the pond areas and bird hide to become more usable. Staff have already taken children out to study the pond life (masses of frog spawn!) and intend to set up raised beds for vegetable growing on the adjacent area.

We are privileged to have these lovely grounds but do need assistance with their care and improvement, so I hope that our partnership with your organisation can continue, as our resources are stretched when it comes to grounds!

Yours sincerely,
