

Hedgehogs in The Worthys

Can You help?

“We treasure our hedgehogs and they need our help to keep them safe.”

Worthys Conservation Volunteers, with the support of Kings Worthy Parish Council, is sponsoring a scheme to increase awareness through a new sticker for our wheelie bins, and we would like to use a local design.

Anyone can have a go, young or old, so why not put paint to paper or use your computer and get creative? The design will need to have a caption and drawing, can be any shape (round, oblong, triangular, etc), use colour, and will be at least A4 in size. You can submit as many as you like. Parents can help children, children can help parents ... And why not feed this is on to your friends.

The best selection of designs chosen by a panel from WCV will be printed for distribution to the public.

Please submit your designs to, or if you have any questions please contact John, The Hedgehog Man, at:

hedgehogman@worthysconservationvolunteers.org.uk

Closing date is 1st March 2021
